Introductory

The present volume constitutes the 1945 edition of Henderson's Directory of Brandon. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 33 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

✦ Denotes that there is a Telephone in the house.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 85.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED DIRECTORY at the end of Book, exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING BRANDON

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Brandon, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

BRANDON FIRE DEPARTMENT

Headquarters: Princess Avenue cor. Seventh Street

Chief—George M. Bain

The department consists of twenty-two permanent (fully paid) firemen of two platoons.

The equipment consists of one auto hose and booster tank truck, one auto aerial truck, one chief's auto car, and two combination auto pumpers and hose trucks.

There are 222 fire hydrants distributed throughout the city. The fire pressure from the waterworks pumping station is 140 pounds with a total pump capacity of 3½ million gallons in 24 hours. The electric fire alarm system has 41 boxes.

There is a 625,000-gallon elevated tank.

CITY WATERWORKS PUMPING STATION

Source of supply—taken from the Assiniboine River; method of purification—water passes through sedimentation chambers after leaving River Intake, flows by gravity through a 40-inch underground

pipe line to suction wells at pumping station; the water is chlorinated in suction wells, and is then pumped from wells to and through sand beds in the pressure filters, 8 in number; capacity of each filter unit 500,000 Imp. Gals. per 24-hour day. Pumping equipment—one twin tandem compound pumping engine, capacity 3,000,000 U.S. Gals. per 24-hour day; one Turbine engine direct connected to a two stage centrifugal pump, capacity 1,150,000 U.S. Gals. per 24-hour day; two Harland double suction centrifugal motor driven pumps, capacity for each unit 3,000,000 Imp. Gals. per 24-day day. Electric power supplied by the Manitoba Power Commission. Steam Boilers—one return fire tube boiler, rating 100 H.P., equipped with shaking and dumping grates. Reservoirs—one Horton Elevated gravity supply tank, equipped Rostop Cathodic System, capacity 625,000 Imp. Gals. Distribution System—C. I. Mains 48 miles, 16 inches to 4 inches. Domestic services 3,100, industrial services 43, railway services 15, lead and copper service pipe. Hydrants 216. Pressure—domestic, varies as per altitude 45 to 85 lbs. Fire pressure 140 lbs. Consumption—average daily 1,800,000 Imp. gals. Meters—meters installed 3,100, all services metered.

PUBLIC WORKS AND IMPROVEMENTS

The city has 48 miles of water mains, 38 miles of sewer, 56 miles of granolithic sidewalks, 75 miles of grated streets, and 7½ miles of paved streets, 16½ miles of boulevard and 216 fire hydrants. Permanent steel and concrete bridges are constructed over the river at First and Eighteenth Streets and over C.P.R. at Eighth Street.

Brandon, lat. 49.51, lon. 99.57; elevation at City Hall 1,255 feet above mean sea level.

STREET LIGHTING SYSTEM

Standard lighting system with 56 two-light ornamental combination standards, 244 five-light ornamental standards, 58 four-light combination standards, 227 single lights, 30 ornamental single light-brackets. Alterations now being carried out.

The population in 1945, according to the last Civic census, was 17,415.

1942	271,120
1943	189,359
1944	400,675

SYSTEM OF NUMBERING HOUSES

The system of house numbering adopted by the City of Brandon is the Philadelphia or Decimal System. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On avenues which run east and west a number is allotted to every twelve feet, and on streets which runs north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as a basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the city.

Assiniboine Avenue is the basis for all streets running northward starting at number 1, going northward 100 to block to the northern limits of the city.

First Street is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the city, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the city.

Rosser Avenue and all avenues running westward from First St. are intersecting as follows:

Number	Number
100 First Street	1000 Tenth Street
200 Second Street	1100 Eleventh Street
300 Third Street	1200 Twelfth Street
400 Fourth Street	1300 Thirteenth Street
500 Fifth Street	1400 Fourteenth Street
600 Sixth Street	1500 Fifteenth Street
700 Seventh Street	1600 Sixteenth Street
800 Eighth Street	1700 Seventeenth Street
900 Ninth Street	

1800 Eighteenth Street and so on to Thirty-fourth St. and western boundary of the city.

Rosser Avenue East and all avenues running eastward from First Street are interseted as follows:

Number	Number
1 First Street	500 Rideau Street
100 Dennis Street	600 Franklin Street
200 Russell Street	700 Percy Street
300 Frederick Street	800 Douglas Street
400 Park Street	900 Tenth Street
1000 Eleventh Street and so on to Seventeenth Street and eastern boundary of the city.	

First Street is a basis for all streets, running southward from Pacific Avenue west of First Street, which are intersected as follows:

Number	Number
1 Pacific Avenue	800 College Avenue
100 Rosser Avenue	900 Park Avenue
200 Princess Avenue	1000 Southern Avenue
300 Lorne Avenue	1100 Brandon Avenue
400 Louise Avenue	1200 Hill Avenue
500 Victoria Avenue	1300 Queen's Avenue
600 McTavish Avenue	1400 Brock Avenue
700 Van Horne Avenue	

1500 Richmond Avenue, the southern boundary of the city, east of First Street are intersected as follows:

Number	Number
1 Pacific Avenue	800 College Avenue
100 Rosser Avenue	900 Park Avenue
200 Princess Avenue	1000 Hawthorne Avenue
300 Lorne Avenue	1100 Madison Avenue
400 Louise Avenue	1200 Lexington Avenue
500 Victoria Avenue	1300 Clark Avenue
600 McTavish Avenue	1400 Spadina Avenue
700 Van Horne Avenue	

1500 Wellington Avenue, the southern boundary of the city.

TRANSPORTATION FACILITIES

The city is connected by two great trunk lines, viz.: the Canadian Pacific and Canadian National.

Brandon is the second divisional point on the C.P.R. System west of the Manitoba boundary in the very heart of the Province.

The Canadian National Railway Company's new main line from Port Arthur to Regina gives Brandon a fast through passenger service. This Company realizes that Brandon is one of its most important divisions.

TOTAL RATABLE ASSESSMENT

1925	\$13,575,365
1930	13,576,950
1935	11,270,051
1940	8,905,995
1941	8,892,780
1942	9,037,445
1943	9,118,265

MUNICIPALITY OF CORNWALLIS

Office: 7, 107 Eighth Street

Secretary-Treasurer—F. H. Gerry

DOMINION EXPERIMENTAL FARM

The Experimental Farm is adjacent to the city on the northwest, the farm buildings being about 2½ miles from the business centre. The farm is 842 acres in extent, four hundred of which are in the valley of the Assiniboine River and the balance on the sloping sides and upland. There is thus a variety of soil and exposure.

The farm was established in 1883 by the Government of Canada for the purpose of testing varieties of grain, fodder, crops, roots, vegetables, fruits, trees, etc., and of testing methods of handling the

land best suited for Manitoban conditions. Feeding experiments are also conducted with cattle, swine, sheep, etc.

The farm is open for the general public to visit. About 10,000 on an average visit the farm annually, principally during midsummer when the crops are looking the best.

Superintendent—M. J. Tinline, B.S.A.

Asst. Superintendent (Live Stock-Poultry)—R. M. Hopper, B.S.A.

**The Directory is
the Common Intermediary
between
Buyer and Seller**

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertise-
ment is still in service

Do you want LONG-LIVED advertising?

Business Insurance

**The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business**

**Make
yourself
easy to find**

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertise-
ment is still in service

Do you want LONG-LIVED advertising?
